FULL DESCRIPTION

With just 28 exclusive apartments and penthouses spread across four buildings, this exceptional development occupies a prime hillside location near the future site of the Hotel Angsana Real de La Quinta and Branded Residences by the Banyan Tree Group.

Situated within a secure gated community in the prestigious Real de La Quinta Residential Country Club Resort®, the development features a modern and elegant design that blends harmoniously with the surrounding natural landscape.

Each nature-inspired home boasts expansive open and covered terraces, accessible from both the living areas and bedrooms. Bathed in natural light and fresh mountain air, these spaces are designed to embrace seamless indoor-outdoor living.

This is the only project where residents enjoy exclusive access to a saltwater infinity pool, as well as three communal platforms featuring a gym, a co-working space, and a serene viewing deck dedicated to relaxation and reflection.
